To Whom It May Concern:

This letter is in reference to Ed Golden. Ed has volunteered here at the City Union Mission for a number of years. In this capacity Ed has conducted training workshops related to Interviewing and working with Microsoft PowerPoint. He has worked with both clients of the Mission's long term recover Programs and staff as well. Ed has proven himself to be a highly effective group trainer. He works well with our diverse group of clients relating to everyone he meets and works with. Ed has a warm and personable style and is able to engage the audience well. He is hard working, prompt and highly organized. He is truly a professional who clearly enjoys his work. I always get good reviews from the people that Ed works with.

Ed is highly respected by everyone here. I know I speak for the staff of the City Union in highly recommending Ed Golden. I would be happy to speak on Ed's behalf. My direct telephone number is 816.222.5063.

Best Regards,

Steve Sahl
